MORNING BRIEFING —

Earn reward points to help nonprofit groups

Consumer Benefit Services, a provider of integrated marketing, incentives and benefit service programs with corporate offices in Naperville, has launched a new program called Community First plus personal rewards. The program combines rewards points and charitable contributions to nonprofit organizations. The program is locally sponsored by Old Second Bank, based in Aurora with branches throughout the southwest Fox Valley area. Members earn points and donations for dollars spent at about 100 participating local merchants, national gift card partners and more than 150 Web-based retailers. For more information, call (630) 420-6200, Ext. 1147.
